Mr. Willis Milgren  
Testing Laboratory  
St. Louis - San Francisco Railway  
1612 North Lexington Ave.  
Springfield, Missouri 65803

Dear Willie:

This letter will confirm our conversation on Tuesday, June 10, 1975 with you and Ralph Metzger regarding the proposed user charge changes, and the billing of the industrial waste discharge from the Springfield West Yards.

Enclosed please find a copy of our calculations, the total amount which we confirmed by telephone late Tuesday afternoon. We are asking City Utilities to set up a separate account for this discharge, and we will supply usage figures to them monthly. The total shown enclosed, \$6,283.49, will be billed as May, 1975 usage and regular billing will commence with the actual June usage figures.

If we may be of further assistance or can answer any questions, please do not hesitate to call.

Yours truly,

Charles H. Criswell  
Associate Sanitary Engineer  
Water Pollution Control
